TWENTY-FIRST ANNIVERSARY EDITION

Complete Hire Equipment

Your First Choice for all Your Hire Needs

The Complete Story

Complete Hire Equipment is a privately owned Victorian enterprise established in 2003 in Melbourne. Complete Hire Equipment started out modestly in a small 600 square foot factory in Laverton North, with a few bits and pieces of equipment; some of which included two 20ft Electric Scissor Lifts, one 43ft Electric Knuckle Boom, two pressure washers, one Dingo Mini Loader, and a handful of power tools.

Within three months, Complete Hire Equipment had grown at such a rapid rate. We needed to purchase more equipment to keep up with the demand and hire our first employee!

Three short years saw Complete Hire Equipment bursting at the seams due to its much larger range of equipment. Staff numbers had now increased to five people, so a search for a larger and more hire friendly depot was initiated. In May 2006, the company moved to a 2,500sq property on Fairbairn Road, Sunshine West, which comprised of a warehouse and hardstand yard.

In the same year, a computerized hire program was purchased which streamlined the hire process for customers and staff alike. This was a big change for a company that had been doing hire dockets and service documents manually since 2003. Complete Hire Equipment kept growing at a rapid rate by increasing its ever growing fleet.

In the following years, the company's range and knowledge of equipment saw us grow into one of Melbourne's leading suppliers of hire equipment to the Film and TV Industry, contractors, tradespeople, the industrial sector, and the home renovator.

The continued growth to both our fleet and our personnel saw yet another need for larger premises, which culminated in our latest move in May 2017 to Grieve Parade, Altona North.

This move to a modern, self-contained premises maintained our historical location within the western suburbs and enabled us to present a weather proof access area to our customers.

About Us

Complete Hire Equipment is a privately owned Victorian enterprise established in Melbourne in 2003.

Complete Hire Equipment is about providing our clients with a range of quality hire equipment and services.

Complete Hire Equipment is capable of offering a comprehensive range of quality and well maintained equipment, coupled with exceptional customer service and knowledge. We are the first choice for all your hire needs.

Our Commitment

We commit to provide the highest standard of responsive professional service to our clients via the provision of effective, efficient, and safe solutions for all plant and equipment hire requirements.

We develop relationships that make a positive difference in our customers lives.

We provide outstanding products and unsurpassed service that together deliver premium value to our customers.

We will go above and beyond for our customers. If there is a problem, we will solve it.

One Stop Shop

Complete Hire Equipment offer our clients the ease of a 'One Stop Shop'. We don't just do access, nor do we just do earthmoving, we do the lot!

Our equipment range is vast and extensive. Whether you need a scissor lift, a loader, or a drill, we can service all your needs and you make one call instead of a number of calls.

24 Hour Service

When you ring Complete Hire Equipment we are there to answer your call and attend to your urgent requirement, what ever it is!

Boom Lifts - Articulated

Product	Working Height	Platform Height	Dimensions Stowed (L x W x H)	Weight	Platform Capacity
34ft Diesel 4WD	12.33m	10.33m	5.52m x 1.93m x 2m	4,650kg	230kg
34ft Electric	12.52m	10.52m	5.72m x 1.47m x 2m	5,216kg	227kg
45ft Diesel 4WD	15.72m	13.72m	6.53m x 2.08m x 2.3m	7,430kg	230kg
50ft Diesel 4WD	17.81m	15.81m	7.68m x 2.26m x 2.3m	7,685kg	230kg
60ft Diesel 4WD	20.3m	18.3m	8.6m x 2.28m x 2.56m	10,700kg	250kg
60ft Hybrid	20.16m	18.16m	8.15m x 2.49m x 2.54m	7,686kg	227kg
80ft Diesel 4WD	26.6m	24.6m	11.51m x 2.49m x 3.2m	17,150kg	230kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Electric Articulated

Electric articulated booms are ideal for indoor sites with zero emission standards or noise restrictions. Specially designed to access areas that require an up and over approach, helping you work around obstacles.

Diesel Articulated

4WD diesel articulated booms are ideal for rough terrain sites. They are designed to access areas that require an up and over approach.

Hybrid Articulated

This diesel/electric articulated boom is 4WD and can climb 25% faster than the typical diesel powered units. Suitable for both indoor and outdoor sites, it has up to 45% grade ability, a lighter foot print, and non-marking foam filled tyres.

Boom Lifts - Telescopic

These units are 4WD diesel powered and are ideal for sites with a rough terrain. These units are designed to access areas that require the maximum length in high-reach capabilities, making them ideal for construction or maintenance contractors. They allow you to manoeuvre above, below, and straight out from ground level. These units come with an on-board generator which supplies power to the basket.

Product	Working Height	Platform Height	Dimensions Stowed (L x W x H)	Weight	Platform Capacity
46ft Diesel 4WD	16.05m	14.05m	8.91m x 2.31m x 2.47m	7,425kg	270kg
66ft Diesel 4WD	22.31m	20.31m	10.21m x 2.42m x 2.56m	13,550kg	230kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Cherry Picker - Towable

This unit can be towed by a normal vehicle and used on all firm surfaces. Trailer mounted booms are great for tree lopping, painting, signwriting, lighting, plumbing, cleaning, general overhead work, and factory maintenance.

Product	Working Height	Platform Height	Horizontal Reach	Dimensions Stowed (L x W x H)	Weight	Basket Capacity
34ft Electric	12.36m	10.36m	5.59m	5.5m x 1.45m x 1.94m	1,450kg	200kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Man Lifts

Product	Working Height	Platform Height	Dimensions Stowed (L x W x H)	Weight	Basket Capacity
25ft Aerial Work Platform Electric	9.4m	7.6m	1.31m x 0.74m x 1.98m	371kg	159kg
30ft Aerial Work Platform Electric	10.8m	9m	1.35m x 0.74m x 1.98m	393kg	159kg
36ft Aerial Work Platform Electric	12.9m	11.1m	1.4m x 0.74m x 2.78m	502kg	159kg
34ft Vertical Mast Electric	10.3m	8.3m	2.65m x 0.99m x 1.99m	2,678kg	200kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Aerial Work Platform

Their lightweight and durable design make them a versatile option for light-duty construction and maintenance applications. Ideal for use in schools, churches, warehouses, and interior work on large construction sites.

Vertical Mast

This unit is very practical, versatile, and offers excellent manoeuvrability. This unit is ideal for when you have a confined area to work in. It's jib attachment it allows you to go up and over and also has a slewing feature that will allow you to rotate the mast.

Scissor Lifts

Bi-Level Hybrid

The Athena is a unique compact Bi-Leveling Scissor Lift that can be used indoors and outdoors. This unit can work on up to a 20 degree slope front to back and a 15 degree slope side to side, making it one of the most versatile scissor lifts.

Diesel Scissors

Diesel powered rough terrain scissor lifts are ideal for medium to rough terrain, and can be used on level or auto level stabilisers for uneven ground.

Electric Scissors

Battery powered self propelled scissor lifts are ideal for indoor and slab work applications. Features include: extending deck for extra reach, non-marking tires, and pot-hole safety protection.

Micro Scissors

Shorter in length and lighter in weight, these scissors are more versatile while still having the same capabilities as a standard 19ft scissor lift.

Product	Working Height	Platform Height	Dimensions Stowed (L x W x H)	Weight	Platform Capacity
15ft Micro Electric	6.5m	4.5m	1.42m x 0.76m x 1.97m	880kg	240kg
19ft Micro Electric	7.6m	5.6m	1.52m x 0.81m x 2.1m	1,210kg	230kg
19ft Electric	7.79m	5.79m	1.83m x 0.81m x 2m	1,500kg	227kg
19ft Bi-Level Hybrid	7.9m	5.9m	1.94m x 1.3m x 1.99m	2,190kg	250kg
26ft Diesel 4WD	9.7m	7.7m	3.76m x 1.75m x 2.59m	3,739kg	680kg
26ft Electric	9.92m	7.92m	2.5m x 1.17m x 2.36m	2,600kg	450kg
32ft Electric	11.68m	9.68m	2.5m x 1.17m x 2.36m	2,905kg	320kg
33ft Diesel 4WD	11.75m	9.75m	3.76m x 1.75m x 2.59m	3,921kg	454kg
40ft Electric	13.7m	11.7m	2.49m x 1.19m x 2.54m	3,222kg	350kg
43ft Diesel 4WD	14.2m	12.2m	3.8m x 1.78m x 2.73m	5,180kg	365kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Assorted Tools

Blow Torch - LPG

Heat generated by an LPG flame used to burn off paint and lacquer. Short and long neck tubes available.

Bolt Cutters

Ideal for cutting chains, padlocks, bolts, fences, and wire mesh.

450mm	1,070mm
-------	---------

Grinders

Type	Motor	Disc Diameter
Angle 4"	240V	100mm
Angle 9"	240V	230mm

Hose 2 Go

A pressurised water supply unit ideal as a dust suppression tool and portable water supply. Hose 2 Go allows you to suppress the dust when cutting, core drilling, and grinding concrete.

Impact gun - 3/4 inch

Motor	Ordinary Bolt	High Tensile	Torque
240V	14 - 24mm	16 - 22mm	588mm

Jack Hammers

Size	Motor	Weight
Medium	240V	11kg
Large	240V	29kg
Trolley	240V	28kg

Metal Nibbler

Type of Material	Maximum Cutting Capacity
Aluminium	2.5mm
Mild Steel	1.6mm
Stainless Steel	1.2mm

Nail Guns

Type	Power	Nail Size
Brad	Gas	32 - 63mm
Frame	Gas	50 - 90mm
Secret Nailer	Air	32 - 50mm

Airless Sprayer

An electric powered professional paint sprayer that uses high pressure without compressed air, allowing large areas being able to be painted very quickly with minimal over spray.

Rotary Hammer Drill

Ideal for small demolition projects. Also can be used for masonry drilling.

Type	Motor	Masonry Bits
GBH-5	240V	12mm - 40mm

Star Picket Rammer

This manual post driver provides an easy way to drive steel posts/star pickets into the ground.

Steel Strapping Machine Kit

Ideal for strapping heavy loads, this tool securely binds boxes, cartons, crates, and bundles for storage or transport using strong metal strapping.

Timber Saws

Type	Motor
Circular 228mm	240V
Mitre 254mm	240V
Sabre 130mm	240V

Cleaning & Floorcare

Carpet Dryers

These units blow a large volume of air under wet carpets to dry them, preventing mildew from setting in. Also can be used to dry out floors, walls and ceilings.

Carpet Stretcher

Grips and tensions existing or newly laid carpet, suitable for all types of jobs. It makes light work of laying and stretching carpet.

Pressure Washers

Our cold water pressure washers can be used in automotive, construction and industrial applications.

2,000 PSI - Electric

4,000 PSI - Petrol

Sweepers

Save time with these easy to operate sweepers. Ride on and walk behind sweepers available.

Vacuum Cleaner 75 LTR

This unit is a big capacity and highly efficient vacuum with a robust steel chassis. Features a high suction power mode, low noise level, and can be used in both wet and dry applications.

Vacuum Cleaner 90 LTR

This twin motor, heavy duty vacuum has a 90 litre high impact plastic tank. Can be used as both a wet and dry vacuum, most suitable for commercial cleaning.

Compressors & Air Tools

Air Jack Hammers and Drills

Air Breaker	1 Inch Air Impact Gun
Air Pick	CP9 Air Drill & Breaker

Blow Pipe

Used for removing dust and debris from formwork, prior to concrete pour. Comes with Minsup fitting and ball valve to regulate air flow.

Compressor 140cfm

Compressor 230cfm

Type	Towable
Operating Pressure	10.3 bar
Power	Diesel

Type	Towable
Operating Pressure	16 bar
Power	Diesel

Concrete & Masonry

Bull Float

Used to finish a concrete surface by making it smooth.

Cement Mixer

This 3.5m³ electric cement mixer is wheel-mounted, making it perfect for smaller projects.

Concrete Grinder - Cub

Type	Electric
Working Diameter	250mm
Grinding	Diamond

Concrete Renovators

This universal machine is designed for grinding a range of surfaces.

80mm	125mm	130mm
------	-------	-------

Concrete Vibrator

A lightweight petrol powered hand tool ideal for removing air bubbles in concrete slabs and concrete footings.

Size	45mm
------	------

Concrete Wall Chaser

This specialised power tool is used for cutting narrow grooves in walls.

Demolition Saws

Type	Cutting Depth
Cordless	230mm & 355mm
Petrol	355mm

Floor Saws

Type	Cutting Depth
Petrol	350mm & 450mm

Kibble Bucket

These units are designed to move concrete, sand, soil, and gravel via a lifting hook method.

Power Trowel

. This trowelling machine is used to apply a smooth finish to concrete slabs.

Screeds

This purpose-made aluminium tool is used to smooth concrete after concrete has been poured and assists in flattening. We have a range of concrete screeds ranging from 1.8m to 3m.

1.8m	2.4m	3m
------	------	----

Tile Cutter

Motor	Length Cut	Maximum Angle
Manual	700mm	60°
240V	914mm	90°

Earthworks

Excavators

Our heavy-duty excavators do all the digging, lifting, and moving on a job site. Whether it is a backyard job or a big site dig, our excavators will get it done!

Category	Width	Height	Length	Weight	Dump Height	Dig Depth
1.7 ton	990 - 1,240mm	2,340mm	3,545mm	1,730kg	2,440mm	2,310mm
5 ton	1,960mm	2,550mm	5,500mm	5,470kg	4,005mm	3,630mm

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Plate Compactors

These units are used for compacting sand, soil, gravel, bedding pavers, bricks, and other materials.

Category	Type	Weight	Force	Plate Size
Small	Petrol	68kg	12kN	520mm x 360mm
Medium	Petrol	84kg	16.5kN	540mm x 500mm
Large	Petrol	305kg	45kN	445mm x 860mm

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Rammers

This unit is ideal for compacting trenches and for most cohesive granular and mixed soils.

Category	Type	Force	Plate Size
Trench	Petrol	11.5kN	340mm x 285mm

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Rollers

Twin Drum Rollers enable you to achieve compaction on the front and rear of the machine and are suitable for compacting fine material and asphalt.

Category	Drive	Type	Force	Weight	Vibration
2.6 ton	Diesel	Twin Drum Smooth	27kN	2,600kg	58Hz

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Towable Water Cart

Water carts are used in a wide range of applications, construction, fire fighting, mining, and agriculture.

Generators

Generators

Product	Drive	Output	Phase	Ampere	Weight
2.4kVA	Petrol	2,100W	Single	8A	19.8kg
10kVA	Petrol	6,400W	Single and 3 Phase	15A - Single 20A - 3 Phase	100kg

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Heating & Cooling

Air Conditioners

4.5Kw Commercial grade refrigerated air conditioner, suitable for any application. These units come with flexible hot air ducting.

Extraction Fans

Ideal for moving large volumes of air.

Type	Electric	Electric	Electric
Blade Diameter	300mm	500mm	600mm

LPG Radiant Heaters

Designed to radiate heat. Ideal for parties and functions, and suitable for outdoor and under-cover use.

LPG Space Heaters

The units warm large areas quickly. Can be used to assist in drying non-flammable coatings. Suitable for indoor use, if the area is well ventilated, or outdoor events.

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Landscape & Gardening

Brush Cutter

This light, hand held, petrol powered brush cutter is designed to slash dense grass and bush.

Chain Saws

These chain saws make light work of any project!

Motor	2 Stroke	2 Stroke
Bar Length	400mm	500mm

Hedge Trimmer

These powerful hedge trimmers are light and easy to operate. Ideal for trimming hedges and shrubs.

Lawn Rollers

Both our aerator rollers and water filled rollers are designed to provide excellent results in soil and lawn preparation.

Lawn Leveller

This specialised gardening tool is designed to evenly redistribute soil and smooth the surface.

Leaf Blower

This unit clears leaves and grass cuttings from any surface.

Line Trimmer

Our light hand held petrol powered units are designed to trim lawn edges along a range of edgings.

Pole Pruner

Ideal for tree maintenance. Branches up to a height of approximately 5 metres are easily managed by our telescopic model.

Post Hole Pinch Shovel

This tool features a scissor-like action to grip and remove soil, creating post holes for fencing or support holes for planting trees.

Towable Water Cart

Water carts are used in a wide range of applications, construction, fire fighting, mining, and agriculture.

Wheelbarrow

These wheel barrows with pneumatic tires are popular for construction and landscaping applications.

Lighting & Measuring

Towable Light Towers

These lighting towers are fitted with a hydraulic mast for easy and safe operation and are towable for easy manoeuvrability.

Product	Engine	Mast Height	Mast Rotation	Light Output	Weight	Stowed Dimension (L x W x H)
LED	Diesel	9m	350°	6x 150W LED	936kg	2,420mm x 1,400mm x 2,450mm

All specifications shown are approximate and may vary slightly depending on make and model, and are subject to manufacturers change without notice.

Laser Level

A single person operation, these lasers are automatic self levelling. These units are used for setting out levels for slabs, footings, paths, driveways, suspended ceilings & landscaping. Supplied with staff, tripod & laser detecting receiver.

Spirit Level

Used to see if a surface is perfectly level.

1.21m

Material Handling

Assorted

Gatic Drain Lifter

Used to safely and efficiently lift the lids of sewers and stormwater drains.

Glass Suckers

Used to lift, carry, and position flat glass panes with ease.

Cages & Lifting Aids

Block Cage

Our block cages that are designed to convey pallets of blocks or similar products safely to a work location with an overhead crane.

Kibble Bucket

These units are designed to move concrete, sand, soil, and gravel via a lifting hook method.

Forklifts

Optional attachments are available, including 1.8 metre slippers, crane jib, tipping bin, and rotator.

Toilet - Chemical

Hygienic, skid mounted, fresh water flush transportable toilet. Popular uses include: long or short term renovations, construction projects, and events. Features self contained flush and wash basin plus waste tank.

Toilets - Sewer Connect

Available access to the sewage system? No need to call the pump out truck! Just call the plumber to connect these toilets for you.

Trestle Tables

These lightweight tables are ideal for you site sheds, parties, and functions.

Urns

We have a range of urns, so that your guests or staff can have an endless supply of hot water.

Wash Station

Our dual hand wash stations are great for events or large work sites. Comes with attached hand soap dispensers.

Traffic Management

Assorted Road Signs

Used to control traffic in a vast number of applications. Contact us to discover our full range of road signs.

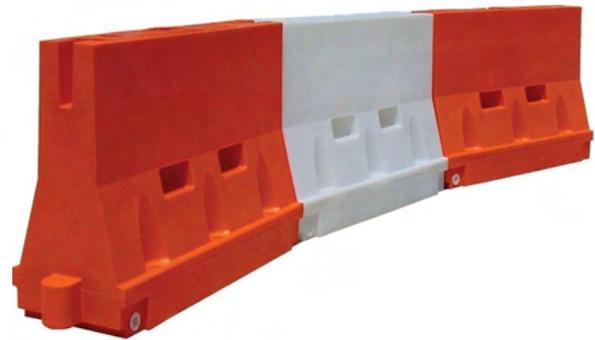

Bollards

Rigid plastic posts that can be used for all safety applications. Can be used in conjunction with barrier tape.

Barriers - Concrete

Concrete barriers are ideal for high-speed work zones up to 100km/h. Designed for the safe diversion and separation of traffic, these durable barriers can be deployed as standalone units or connected for extended runs. Perfect for major worksites, road projects, and event environments requiring robust protection.

Barriers - Water-filled

Designed for pedestrian areas and medium-speed zones, these water-filled barriers offer a durable, easy-to-install traffic management solution. Featuring a simple interlocking system with 120° flexibility, it ensures a secure fit even around curves. Ideal for construction zones, events, and temporary road control.

Portable Boom Gate

Keep workers or crowds safe with our portable boom gates. They're easy to set up, remote controlled, and will last about 6,500 lifts before needing a recharge.

Witches Hats

Used to highlight all safety applications.

Length

1 inch = 2.54 centimetres

1 foot = 30.48 centimetres

1 yard = 91.44 centimetres

1 yard = 0.914 metres

1 mile = 1609.3 metres

1 mile = 1.609 kilometres

1 millimetre = 0.039 inches

1 centimetre = 0.393 inches

1 metre = 39.37 inches

1 metre = 3.281 feet

1 metre = 1.094 yards

1 kilometre = 1093.6 yards

1 kilometre = 0.621 miles

Volume

1 cubic foot = 0.028 cubic metres

1 cubic metre = 35.31 cubic feet

1 cubic yard = 0.76 cubic metres

1 cubic metre = 1.31 cubic yards

Weight

1 gram = 0.035 ounces

1 ounce = 28.35 grams

1 pound = 0.45 kilograms

1 kilogram = 2.2 pounds

1 kilogram = 0.000984 tons

1 ton = 1016.05 kilograms

Area

1 square inch = 6.45 square cm

1 square cm = 0.16 square in

1 square metre = 10.76 square ft

1 square metre = 1.20 square yd

1 square foot = 0.09 square m

1 square yard = 0.84 square m

1 acre = 0.40 hectares

1 hectare = 2.47 acres

1 square mile = 2.59 square km

1 square km = 0.39 square mi

Energy

3 Phase Kva

Single Phase Kva

1 Kva = 1.39 amps 1 Kva = 4.2 amps

1 amp = 0.72 Kva

Horse Power

Kilowatts

1 = 0.75

1.5 = 1.1

2 = 1.5

3 = 2.2

4 = 3

5 = 3.7

6 = 4.5

7.5 = 5.5

10 = 7.5

12.5 = 9.3

15 = 11

20 = 15

Amps per phase per Kva (3 Phase)

Kva	Amps per phase
33	= 45.87
50	= 69.50
70	= 97.30
100	= 139.00
125	= 173.25
150	= 208.50
195	= 271.05
230	= 319.70
340	= 472.60

Complete Hire Equipment are committed to providing you with plant, equipment, and service to the highest standard.

- ⇒ Large equipment range
- ⇒ Vast product expertise
- ⇒ Prompt delivery
- anywhere, anytime
- ⇒ One stop shop
- ⇒ 24/7 service
- ⇒ Packages to tailor
your needs
