

Paslode Angled TrimMaster™

The Paslode Angled TrimMaster™ (16ga) has been built to perform. It is reliable, compact and lightweight tool and angled for easy access into tight corners.

Features

- **Lithium Ion Battery Technology:** 50% more shots per charge allowing you to complete the job faster
- **Battery On/Off Position:** locks battery in place when disengaged for safer handling and minimising the need to replace batteries
- **Improved line of sight:** for accurate brad placement
- **Quick clear nose:** reduces downtime if fastener jam occurs
- **Brad lock out bar** eliminates blank tool firing to protect timber and tool
- **Lithium-Ion battery** drives 9,000 shots per 1 hour charge time.
- **Low actuation pressure** reduces operator fatigue.
- **Ergonomic design with non-slip hand grip** to improve comfort and safety with belt and rafter hook for convenience.
- **No Mar Tip** prevents damage to timber and cladding surfaces.

Specifications

Model Name	IM250A-Li
Product Code	B20721
Cycle Rate	2-3 brads/second intermittently
Weight	2.0kg
Fastener Range	32-63mm
Fuel Cell Life	1000 approx

Specifications

Dimensions (L x H x W)	274 x 292 x 87mm
Battery Life	9,000 shots per charge
Magazine Capacity	100 approx
Collation Angle	20°

Applications

Architraves
Beading
Mouldings
Skirting Boards
Quads
Panelling
Stair Rails
